It was a lovely lunch with friends. The food was really wonderful and the service exceptional. It was not very crowded in the dining room so we had a lot of privacy and were able to talk to each other and hear each other easily.

We had a great dinner at the farmer's daughter in the bar area. Love the pretzel bites with the truffle butter/dipping sauce. Son and husband burgers, which were amazing. It was a last-minute dinner to celebrate our wedding anniversary. We got married at Normandy Farms and farmers daughter turned it into a special night with a lovely card on our table and dessert at the end

We had our Mother's 75th birthday at the Farmer's Daughter Sunday brunch. The food was amazing, hot and fresh. They offer a vast assortment of breakfast, lunch and sweet treats. It is the best prime rib I have ever had!

Our server, Andrew was kind, attentive, and filled with jokes which made our already wonderful experience even better! One of my nephews has a peanut allergy and Andrew was able to tell him exactly what he could and could not eat (which has been a guessing game at other places) he was thrilled that he could eat almost all of the food.

My family can not stop talking about how wonderful it was and how friendly the staff is, beautiful the facility is and how wonderful the food is. My Mother's birthday was a huge success, and we can't thank everyone at Normandy Farm enough for making it so special.

I highly recommend Farmer's Daughter and can't wait to go back!

Dine in • Brunch

The Brunch is incredible! Watch the artistry of the chef as he prepares 3 omelettes made to order in a matter of moments, in a ballet of motion. Enjoy your omelette, french toast with all the fixings, and a variety of pastries, a bagel bar, and donuts from the Donut Wall, and then enjoy a full dinner. There was chicken cordon bleu with string beans and other vegetables the day we were there. We had a lovely private room for our small staff holiday gathering. Wait staff was courteous and attentive. Great experience. Reservations a must.
